PRICE TWO CENTS

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dardale, wife of a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nervine and Liver Pills and Nerve Tonic. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

40,000 MORE TROOPS

Will Soon Be Sent to Cuba For Garrison Duty.

WILL NOT WAIT ON SPAIN

To Evacuate the Island as Indications Are That It Will Be Several Months Before the Commission Completes Its Work—New Rules Issued as to Procuring Discharges.

Washington, Sept. 20.—It is the present intention of the government to send to Cuba, as a garrison force for the island, about 40,000 troops, in addition to the force now in Santiago under command of General Lawton. The organizations which are to comprise the Cuban garrison have not all been designated yet, but it is assured that at least half of them will be volunteers.

Within two weeks orders will be issued for the movement to Cuba of the first 10,000 of the permanent garrison and it is the expectation now that they will sail from the United States about Oct. 10. These troops will be followed quickly by others, until the entire force of 40,000 has been established on the island.

It is not the intention of the administration to await the evacuation of the island by the Spanish forces before sending United States troops to Cuba, as the indications now are that it may be several months before the Cuban commissioners complete their work. Quite naturally, a considerable number of Spanish troops will remain on the island until the arrangements for the relinquishment of Spanish sovereignty over it formally have been concluded.

The rainy season in Cuba is nearly at an end and the most delightful season of the year on the island is about to begin. During the late fall and winter months the climate in Cuba is not only enjoyable, but healthful and, with such care as will be taken for the health and comfort of the American forces to be stationed in Cuba, officials of the war department have no fear that serious illness among the men will follow the occupation of the island.

DISCHARGES

From Army Service Cannot Be Procured Through Senators In Future.

Washington, Sept. 20.—The following statement is given out at the war department:

"The war department is just at present undergoing an experience which illustrates the alacrity with which the average American citizen hastens to his senator or representative in congress for aid in emergencies.

"The cessation of hostilities and the improbability of their renewal, with the dullness of camp life, has apparently created a feeling of restlessness among the men of the volunteer army, who, in the majority of cases, have given up positions of larger compensation, and many of them are imploring their political representatives to obtain their discharges, and the latter in turn are flooding the war department with requests for prompt and immediate action.

"To such an abuse of privilege has this grown that the war department has been obliged to call attention to that paragraph of the army regulations which requires that all communications from subordinates to superiors must pass through military channels, and to decline, as a rule, to entertain applications for discharges of enlisted men unless they come to it in the proper manner.

His health is a luxury that only the rich can afford, and that no man can enjoy. Every woman is not so situated that she can be an interesting invalid, or rather, an uninteresting invalid, for there never was an interesting one.

The woman who suffers from weakness and disease of the distinctly feminine organs is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a competent mother. Troubles of this nature sap the strength, rack the nerves, paint lines of suffering upon the face, destroy the temper, make the once bright eyes dull and the once active brain sluggish, and transform a vivacious woman into a weak, sickly invalid.

The one sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal ulceration and inflammation that give rise to a debilitating drain on the system. It is the best medicine for overworked, "run-down" women.

"About six years ago my wife became afflicted with female weakness," writes the Rev. L. Coppedge, of Elmo, Kaufman Co., Texas. "She could not stand on her feet or get in any position in which she did not suffer great pain. She desired of ever again being well. She took six bottles of Dr. Pierce's Favorite Prescription and has been well and happy for twelve months."

It is a druggist's business to give you, not to tell you, what you want.

"A soldier who is desirous of securing

his discharge and has good and sufficient reasons upon which to base it will save himself a great amount of time and trouble if he will set forth the reasons for his discharge in a letter addressed to the adjutant general of the army and hand it to the captain of his company, who, in turn, is required to forward it to the colonel of the regiment and the latter to pass it along through brigade, division and corps headquarters with their recommendation. Unless this is done the department will send the paper back to the company commander for his recommendation, and that takes time which may be saved by following the proper rule.

"The department has also promulgated another ruling in this connection which is to the effect that public policy will not permit at this time the consideration of applications for discharges of men serving in the Philippine Islands, Honolulu, Cuba or Porto Rico. The reasons for this are obvious. Aside from the question of transportation involved, the necessity of supplying the places of men who are to be discharged with others from the states, it is to be remembered that the war is not over and that much depends upon the results and deliberations of the peace commissioners, who have sailed for Paris."

No Deaths at Chickamauga.

Chickamauga, Sept. 20.—The reports from the hospitals yesterday show very gratifying results. There were no deaths at either the Sternberg or at Leiter hospital. Nine men were released from Sternberg and furloughed and seven from Leiter. The citizens of Chattanooga are arranging for a great reception to be tendered Secretary Alger tomorrow evening.

Lawton's Report For Two Days.

Washington, Sept. 20.—General Lawton's report of the health conditions of the American forces at Santiago, made to the war department last night, indicates little if any improvement. There were, however, fewer new cases of sickness yesterday than Sunday. Following is the text of his report: Sept. 18.—Sick, 1,193; fever, 743; new cases, 107; returned to duty, 240; deaths, 4. Sept. 19.—Sick, 1,191; fever, 675; new cases, 66; returned to duty, 323; deaths, 2.

HAVANA NEWS.

American Commissioners Have Taken up Their Residence Ashore.

Havana, Sept. 20.—All the members of the American evacuation commission came ashore from the steamer Resolute and are now installed at the Trocha hotel at Vedado. All are well. Major Allison sprained his ankle, but the injury is not important.

Rear Admiral Luis Pastor Landier, captain of the port, who was originally elected a member of the Spanish evacuation commission, has owing to sickness, been replaced by Admiral Manterola, and sailed for Spain today, owing to his ill health.

Captain General Blanco has ordered that the confiscation of the few cattle remaining in the island shall be suspended in the Matanzas province, where it threatened to become a death blow to all possible work in the fields.

Advices from the interior report that hospitals are being established on many estates, and that relief committees have been organized in several towns and villages to attend to the requirements of the Cuban troops, who are in a sad condition.

MORE TROOPS TO MANILA.

The Returning Transports Will Be Utilized to Carry Them.

Washington, Sept. 20.—It was stated at the quartermaster general's department that the returning transports which have been to Manila on one trip, will be used to take the troops now at San Francisco to the Philippines. Two of these steamers, which will accommodate about the half command, are expected in a day or two. Other steamers now on their way will be sent back as soon as loaded with troops. Four steamers will be sufficient for the transportation of the troops and supplies. It is believed that less time will be consumed by using these transports than in fitting up new vessels.

GENERAL LEE'S CAMP.

Chief Surgeon Mans Reports It as Being In Excellent Condition.

Washington, Sept. 20.—Lieutenant Colonel L. M. Mans, chief surgeon Seventh army corps, has made a report to General Lee, which shows the excellent condition of the camp at Jacksonville, Fla. There are three division hospitals, with 569 persons undergoing treatment, and only a few of these cases are of a serious nature, principally typhoid fever. The grounds occupied by the three divisions are excellent for camping and well fitted with every facility of disposing of refuse. The health of the camp is regarded as excellent.

The Sick at Camp Meade.

Camp Meade, Pa., Sept. 20.—There are over 100 typhoid fever patients in the division hospitals and the Red Cross wards have been increased to double their former size to accommodate this class of patients. The society has 35 trained female nurses on the ground taking care of the most serious cases.

Ordered to Porto Rico.

Fort Thomas, Ky., Sept. 20.—Eighteen members of the United States hospital corps, who have been on duty here, took a train last night for New York, under orders to join the 10 women nurses there, who went from here last Sunday, and proceed with them to San Juan, Porto Rico.

YELLOW FEVER

Reports From the South Indicate the Epidemic Is Gaining Headway.

Louisville, Sept. 20.—Reports from the far south indicate that the yellow fever epidemic is slowly gaining headway. The following synopsis was

gleaned from reports emanating in that section last night: Four new cases in New Orleans and five at Harvey's Canal.

A recapitulation of the epidemic throughout Mississippi shows that out of a total of 109 cases seven deaths have occurred, the death rate being 12 per cent heavier than that of last year. Two new cases have appeared at Taylors, but Orwood reports no increase. No new cases have appeared in Jackson.

National Guard Battery Ordered Home.

Springfield, Ills., Sept. 20.—Governor Tanner yesterday issued orders to Battery B, Illinois National Guard, which has been at Camp Lincoln for three weeks, ready to move to Panama if their presence was necessary there to check any trouble between the imported negro miners, deputy sheriffs and the striking miners, to return to their home station at Galesburg.

WIRE TICKS.

Fifteen hundred lasters are on strike at Brockton, Mass.

The treasury statement shows: Available cash balances, \$317,780,038; gold reserve, \$24,351,055.

A hurricane which swept over southern Spain killed six persons, injured many and demolished 85 houses.

Fire at Defunk, headquarters of the Florida Chautauque, destroyed 15 stores and hotels. Loss, \$100,000.

Rev. Dr. Austin Griffin of Binghampton, N. Y., has been appointed presiding elder of the Wyoming (A. P.) district of the M. E. church.

Dr. Henry Otto Claus, 72 years of age, committed suicide in his office in New York city by shooting. He had a large practice and was worth \$350,000. Cause is unknown.

An arbitration board has given the Smith Printing company's employees, at Lansing, Mich., an increase in wages and a reduction of hours to nine and one-half per day. They had demanded nine hours per day.

REFUSE TO SALUTE.

White Soldiers Turn Their Heads to the Colored Officers.

Lexington, Ky., Sept. 20.—Trouble between the white and colored troops in Camp Hamilton is threatened. The white soldiers have refused to salute colored officers. They turn their heads when the colored officers approach. There have been two or three fist encounters between white and colored soldiers, but no serious difficulties.

Sergeant J. H. Gilmore of the Third Mississippi is under arrest at the guardhouse for interfering with passengers on a streetcar. Gilmore got on the car at London Park station and declared his intention to enforce the separate law. With a pistol he drove nine colored men out of the car and gave the conductor 45 cents for their fares. In the run of a mile to the city the car was stopped about 20 times by colored people who wanted to ride, and Gilmore was there with his pistol and a nickel to represent the fare of each. Not a colored person rode on that car that trip and when the car reached Main street the conductor had Gilmore arrested.

Paying the Interest.

Washington, Sept. 20.—The treasurer of the United States has mailed 27,516 checks, aggregating \$4,910,294, in payment of the interest due Oct. 1 on United States registered 4 per cent consols of 1907 with notice that they may be presented for immediate payment.

INSURGENT ACTIVITY

Hundreds Enlisting Daily and the Troops Being Drilled Everywhere.

IMITATING THE YANKEES

Particularly in Volley Firing—Agitation Among the Insurgents Stimulated by the Clerical Party—Spanish Prisoners Rigorously Confined Within Walled City—Aguinaldo's Congress.

London, Sept. 20.—The Manila correspondent of The Times says: "The insurgents, urged by constant rumors of the intention of America to re-establish Spanish rule in the archipelago, continue actively recruiting their army. Hundreds from Manila are enlisting daily, and troops are being drilled everywhere. Great diligence is exhibited in imitating the American formation and manual, particularly in volley firing. Entrenchments in certain positions are being strengthened, and a vigilant line of pickets is kept outside the suburbs."

"At the same time the attitude of the insurgents is much more friendly than it was before the evacuation."

"Several thousand rifles have recently been landed and four new Maxim guns have also been received. The provincial leaders are paying into the insurgent treasury a certain portion of the fund captured from convents, professing to reserve the remainder for the payment of their troops. By this means they keep practically independent of the central authority, preserving the integrity of their own command. A general occupying one rich province sent to Aguinaldo \$35,000 in cash last week."

"The agitation among the insurgents is stimulated by the clerical party, which uses every effort to influence the natives against American occupation. Evidence to this effect is absolutely trustworthy, although Archbishop Dozal and other prominent ecclesiastics strenuously deny all knowledge of such action and solemnly disclaim personal participation in it."

"Nothing important is reported from the insurgent congress, which holds sessions daily at Malolos. The chief element of cohesion is confessedly the fear of the return of the Spanish domination. If the insurgents should receive reasonable assurances of a permanent foreign occupation I believe the disintegration of the revolutionary government would be speedy and complete."

"The Spanish prisoners are now rigorously confined within the limits of the walled town. There is much overcrowding in the small area, and it is impossible in the crowded quarters, in the absence of the proper appliances, to improve the present unsatisfactory sanitary conditions. The urgent necessity for removing the prisoners is fully recognized by the authorities, but no remedy is in sight, and the health of the American troops and the prisoners is seriously threatened. Nearly 10 per cent of the former are already on the sick list."

TO POISON AGUINALDO.

Released Spanish Prisoner Tampered With the Insurgent Chief's Soup.

Manila, Sept. 20.—The Republica Filipina yesterday asserted that an attempt was made to poison Aguinaldo on Friday night. A steward, it is alleged, saw a Spanish prisoner, who had been allowed his freedom, make a movement which appeared like tampering with a bowl of soup intended for Aguinaldo, whereupon the steward tasted a spoonful of the soup and fell dead.

Eleven Franciscan friars are alleged to have been engaged in the conspiracy. The populace, it is further said, attempted to lynch all the Spanish prisoners, but Aguinaldo intervened.

At Saturday's session of the national assembly, it appears, Aguinaldo was absent, but his representative related the story of the outrage to the members, who unanimously adopted a proposal that they all go to Aguinaldo's house, express sympathy with him and congratulate him upon his escape. During the evening a special thanksgiving service was held in the church at Malolos.

Soup intended for Aguinaldo is now subjected, it is stated, to a chemical analysis before being presented to the insurgent leader, and the Spanish prisoners are kept closely confined.

INHUMANITY

Charged Against Americans For Death of Spanish Prisoners Enroute Home.

Madrid, Sept. 20.—There is much indignation here at the fact that there were 123 deaths during the voyage among the 1,000 Spanish soldiers who have just arrived in Spain on board the Spanish transport San Agustin de Loyola, from Santiago de Cuba. The Spaniards attribute this heavy death rate to the "inhumanity of the Americans in obliging the sick Spaniards to embark and make room in the hospitals for the Americans."

Steamer Stranded.

Houghton, Mich., Sept. 20.—The steamer Colorado, bound down Lake Superior with flour is stranded on a reef off Eagle Harbor. Tugs have been sent for the release of the steamer if possible. The Colorado is valued at \$60,000. The place where she struck is one of the most dangerous on the lakes.

To Attend Her Sister's Funeral.

Colorado Springs, Sept. 20.—Mrs. J. A. Hayes, daughter of Mrs. Jefferson Davis, has started for Narragansett, R. I., to attend the funeral of her sister, Miss Winnie Davis.

BOWLING SCHEDULE

Cities the Greater New York Club Will Visit.

New York, Sept. 20.—Following is the schedule of games arranged for the second annual tour of the Greater New York Bowling club to begin Nov. 15: At Buffalo, three days; Dayton, O., two days; Cincinnati, four days; Chicago, three days, and the following places one day each: Newport and Covington, Ky.; Lockland and Reading, O.; Louisville, St. Louis, Lawrenceburg, Ind.; Richmond, Ind.; Lexington, Ky.; Kalamazoo, Mich.; Battle Creek, Mich.; Detroit, Bay City and Grand Rapids. In addition to the foregoing, games will be arranged as far west as Denver and will include also Columbus, O.; Indianapolis and Logansport, Ind.; and other bowling centers in Ohio, Indiana and Illinois.

McCoey and Corbett.

New York, Sept. 20.—Kid McCoey refuses to hold any further conference with Corbett and his manager relative to the change of date and place of his meeting with Corbett. He was not present at a meeting which had been arranged for yesterday afternoon at a saloon in this city, but instead sent a letter. All the pugilistic celebrities in the town, including Corbett and Sharkey, were on hand. In his letter McCoey said: "I have been notified through my manager that the Hawthorne Athletic club of Buffalo will pull off the proposed contest between Corbett and myself which has been set for Oct. 15. Therefore I do not see any need of meeting Mr. Corbett."

HIGH COMMISSION

Reassembles at Quebec to Adjust United States and Canadian Controversies.

Quebec, Sept. 20.—The joint high commission appointed by the United States and Great Britain to consider and adjust certain international questions for many years in controversy between the United States and Canada reassembled here today. The commission first met here on Aug. 23 and, after 10 days' work, took a recess until Sept. 20.

Commissioner Kasson is the only member of the American delegation who remained in Quebec during the recess, and his time has been employed in making up reciprocity schedules and mapping out a general plan for the settlement of trade relations between the two countries. This will be the most important question and the most difficult for the joint commission to settle. The lake fisheries will probably be the first question taken up by the American commissioners.

Charles H. Babcock of Rochester, N. Y., representing the fishing industries of New York state, is now here, and other representatives from Ohio and Michigan are expected today. They will probably ask for more uniform regulations between the two countries in the fishing interests, but the exact nature of their demands cannot be known until they have made them known to the American commissioners. After the lake fishing interests, the farmers on the Canadian border states will probably next be heard from.

A DOCTOR

Enlists in the Spanish War and His Wife Sues For Divorce.

Louisville, Sept. 20.—Dr. Norval C. Wallace of the First Kentucky regiment has returned home from Puerto Rico. Upon reaching here he was served with notice that his wife had filed suit for divorce, asking \$50 a month alimony and the custody of their little daughter. Abandonment is alleged. Dr. Wallace says he joined the army not to desert his wife, but simply because he deemed such action proper for all aboledd men. His wife is a daughter of the late Captain Albert Smith of the confederate army.

Captured at Hanging Rock.

Greenville, Ky., Sept. 20.—Benjamin Altman, who joined William Worthington, was pursued to Hanging Rock by Sheriff Collins and Constable Mitchell and lodged in a precarious condition. The latter is engineer of the Greenville electric light plant, and it is claimed caught Worthington in a compromising position.

40,000 MORE TROOPS

Will Soon Be Sent to Cuba For Garrison Duty.

WILL NOT WAIT ON SPAIN

To Evacuate the Island as Indications Are That It Will Be Several Months Before the Commission Completes Its Work—New Rules Issued as to Procuring Discharges.

Washington, Sept. 20.—It is the present intention of the administration to send to Cuba, as a garrison force for the island, about 40,000 troops, in addition to the force now in Santiago under command of General Lawton. The organizations which are to comprise the Cuban garrison have not all been designated yet, but it is assured that at least half of them will be volunteers.

Quite naturally, a considerable number of Spanish troops will remain on the island until the arrangements for the relinquishment of Spanish sovereignty over it formally have been concluded.

The rainy season in Cuba is nearly at an end and the most delightful season of the year on the island is about to begin. During the late fall and winter months the climate in Cuba is not only enjoyable, but healthful and, with such care as will be taken for the health and comfort of the American forces to be stationed in Cuba, officials of the war department have no fear that serious illness among the men will follow the occupation of the island.

DISCHARGES

From Army Service Cannot Be Procured Through Senators in Future.

Washington, Sept. 20.—The following statement is given out at the war department: "The war department is just at present undergoing an experience which illustrates the alacrity with which the average American citizen hastens to his senator or representative in congress for aid in emergencies.

"The cessation of hostilities and the improbability of their renewal, with the dullness of camp life, has apparently created a feeling of restlessness among the men of the volunteer army, who, in the majority of cases, have given up positions of larger compensation, and many of them are imploring their political representatives to obtain their discharges, and the latter in turn are flooding the war department with requests for prompt and immediate action.

"To such an abuse of privilege has this grown that the war department has been obliged to call attention to that paragraph of the army regulations which requires that all communications from subordinates to superiors must pass through military channels, and to decline, as a rule, to entertain applications for discharges of enlisted men unless they come to it in the proper manner.

"The woman who suffers from weakness and disease of the distinctly feminine organs is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a competent mother. Troubles of this nature sap the strength, rack the nerves, exhaust the system, and if not cured, they lead to suffering upon the face, destroy the temper, make the once bright eyes dull and the once active brain sluggish, and transform a vivacious woman into a weak, sickly invalid.

"The sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal inflammation and inflammation that give rise to a debilitating drain on the system. It is the best medicine for overworked, 'run-down' women.

"About six years ago my wife became afflicted with female weakness. She was a devoted wife and mother, and she could not stand on her feet or in any position in which she did not suffer great pain. She was despondent and ever again being well. She took six bottles of Dr. Pierce's Favorite Prescription and has been well and happy for twelve months."

"It is a druggist's business to give you, not to tell you, what you want."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, in stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

"A soldier who is desirous of securing his discharge and has good and sufficient reasons upon which to base it will save himself a great amount of time and trouble if he will set forth the reasons for his discharge in a letter addressed to the adjutant general of the army and hand it to the captain of his company, who, in turn, is required to forward it to the colonel of the regiment and the latter to pass it along through brigade, division and corps headquarters with their recommendation. Unless this is done the department will send the paper back to the company commander for his recommendation, and that takes time which may be saved by following the proper rule.

"The department has also promulgated another ruling in this connection which is to the effect that public policy will not permit at this time the consideration of applications for discharges of men serving in the Philippine islands, Honolulu, Cuba or Porto Rico. The reasons for this are obvious. Aside from the question of transportation involved, the necessity of supplying the places of men who are to be discharged with others from the states, it is to be remembered that the war is not over and that much depends upon the results and deliberations of the peace commissioners, who have sailed for Paris."

No Deaths at Chickamauga.

Chickamauga, Sept. 20.—The reports from the hospitals yesterday show very gratifying results. There were no deaths at either the Sternberg or at Leiter hospital. Nine men were released from Sternberg and furloughed and seven from Leiter. The citizens of Chattanooga are arranging for a great reception to be tendered Secretary Alger tomorrow evening.

Lawton's Report For Two Days.

Washington, Sept. 20.—General Lawton's report of the health conditions of the American forces at Santiago, made to the war department last night, indicates little if any improvement. There were, however, fewer new cases of sickness yesterday than Sunday. Following is the text of his report: Sept. 18.—Sick, 1,193; fever, 743; new cases, 107; returned to duty, 240; deaths, 4. Sept. 19.—Sick, 1,191; fever, 675; new cases, 66; returned to duty, 333; deaths, 2.

HAVANA NEWS.

American Commissioners Have Taken Up Their Residence Ashore.

Havana, Sept. 20.—All the members of the American evacuation commission came ashore from the steamer Resolute and are now installed at the Trocha hotel at Vedado. All are well. Major Allison sprained his ankle, but the injury is not important.

Rear Admiral Luis Pastor Lander, captain of the port, who was originally elected a member of the Spanish evacuation commission, has owing to sickness, been replaced by Admiral Manterola, and sailed for Spain today, owing to his ill health.

Captain General Blanco has ordered that the confiscation of the few cattle remaining in the island shall be suspended in the Matanzas province, where it threatened to become a death blow to all possible work in the fields.

Advices from the interior report that hospitals are being established on many estates, and that relief committees have been organized in several towns and villages to attend to the requirements of the Cuban troops, who are in a sad condition.

MORE TROOPS TO MANILA.

The Returning Transports Will Be Utilized to Carry Them.

Washington, Sept. 20.—It was stated at the quartermaster general's department that the returning transports which have been to Manila on one trip, will be used to take the troops now at San Francisco to the Philippines. Two of these steamers, which will accommodate about the half command, are expected in a day or two. Other steamers now on their way will be sent back as soon as loaded with troops. Four steamers will be sufficient for the transportation of the troops and supplies. It is believed that less time will be consumed by using these transports than in fitting up new vessels.

GENERAL LEE'S CAMP.

Chief Surgeon Maus Reports It as Being in Excellent Condition.

Washington, Sept. 20.—Lieutenant Colonel L. M. Maus, chief surgeon Seventh army corps, has made a report to General Lee, which shows the excellent condition of the camp at Jacksonville, Fla. There are three division hospitals, with 569 persons undergoing treatment, and only a few of these cases are of a serious nature, principally typhoid fever. The grounds occupied by the three divisions are excellent for camping and well fitted with every facility of disposing of refuse. The health of the camp is regarded as excellent.

The Sick at Camp Meade.

Camp Meade, Pa., Sept. 20.—There are over 100 typhoid fever patients in the division hospitals and the Red Cross wards have been increased to double their former size to accommodate this class of patients. The society has 35 trained female nurses on the ground taking care of the most serious cases.

Ordered to Porto Rico.

Fort Thomas, Ky., Sept. 20.—Eighteen members of the United States hospital corps, who have been on duty here, took a train last night for New York, under orders to join the 10 women nurses there, who went from here last Sunday, and proceed with them to San Juan, Porto Rico.

YELLOW FEVER

Reports From the South Indicate the Epidemic Is Gaining Headway.

Louisville, Sept. 20.—Reports from the far south indicate that the yellow fever epidemic is slowly gaining headway. The following synopsis was

gleaned from reports emanating in that section last night: Four new cases in New Orleans and five at Harvey's Canal.

A recapitulation of the epidemic throughout Mississippi shows that out of a total of 109 cases seven deaths have occurred, the death rate being 12 per cent heavier than that of last year. Two new cases have appeared at Taylors, but Orwood reports no increase. No new cases have appeared in Jackson.

National Guard Battery Ordered Home.

Springfield, Ill., Sept. 20.—Governor Tanner yesterday issued orders to Battery B, Illinois National Guard, which has been at Camp Lincoln for three weeks, ready to move to Panama if their presence was necessary there to check any trouble between the imported negro miners, deputy sheriffs and the striking miners, to return to their home station at Galesburg.

WIRE TICKS.

Fifteen hundred lasters are on strike at Brockton, Mass.

The treasury statement shows: Available cash balances, \$317,780,038; gold reserve, \$248,551,655.

A hurricane which swept over southern Spain killed six persons, injured many and demolished 85 houses.

Fire at Defunk, headquarters of the Florida Chautauque, destroyed 15 stores and hotels. Loss, \$100,000.

Rev. Dr. Aust N. Griffin of Birmingham, N. Y., has been appointed presiding officer of the Wyoming (Pa.) district of the M. E. church.

Dr. Henry Otto Claus, 72 years of age, committed suicide in his office in New York city by shooting. He had a large practice and was worth \$350,000. Cause is unknown.

An arbitration board has given the Smith Printing company's employees, at Lansing, Mich., an increase in wages and a reduction of hours to nine and one-half per day. They had demanded nine hours per day.

REFUSE TO SALUTE.

White Soldiers Turn Their Backs to the Colored Officers.

Lexington, Ky., Sept. 20.—Trouble between the white and colored troops in Camp Hamilton is threatened. The white soldiers have refused to salute colored officers. They turn their backs when the colored officers approach. There have been two or three fist fights between white and colored soldiers, but no serious difficulties.

Sergeant J. H. Gilmore of the Third Mississippi is under arrest at the guardhouse for interfering with passengers on a streetcar. Gilmore got on the car at London Park station and declared his intention to enforce the separate law. With a pistol he drove nine colored men out of the car and gave the conductor 45 cents for their fares. In the run of a mile to the city the car was stopped about 20 times by colored people who wanted to ride, but Gilmore was there with his pistol and a nickel to represent the fare of each. Not a colored person rode on that car that trip and when the car reached Main street the conductor had Gilmore arrested.

TO POISON AGUINALDO.

Released Spanish Prisoner Tampered With the Insurgent Chief's Soup.

Manila, Sept. 20.—The Republica Filipina yesterday asserted that an attempt was made to poison Aguinaldo on Friday night. A steward, it is alleged, saw a Spanish prisoner, who had been allowed his freedom, make a movement which appeared like tampering with a bowl of soup intended for Aguinaldo, whereupon the steward tasted a spoonful of the soup and fell dead.

Eleven Franciscan friars are alleged to have been engaged in the conspiracy. The populace, it is further said, attempted to lynch all the Spanish prisoners, but Aguinaldo intervened.

At Saturday's session of the national assembly, it appears, Aguinaldo was absent, but his representative related the story of the outrage to the members, who unanimously adopted a proposal that they all go to Aguinaldo's house, express sympathy with him and congratulate him upon his escape. During the evening a special tasking service was held in the church at Malolos.

Soup intended for Aguinaldo is now subjected, it is stated, to a chemical analysis before being presented to the insurgent leader, and the Spanish prisoners are kept closely confined.

IN HUMANITY.

Charged Against Americans For Death of Spanish Prisoners En Route Home.

Madrid, Sept. 20.—There is much indignation here at the fact that there were 123 deaths during the voyage among the 1,000 Spanish soldiers who have just arrived in Spain aboard the Spanish transport San Ignacio de Loyola, from Santiago de Cuba. The Spaniards attribute this heavy death rate to the "inhumanity of the Americans in obliging the sick Spaniards to embark and make room in the hospitals for the Americans."

Steamer Stranded.

Houghton, Mich., Sept. 20.—The steamer Colorado, bound down Lake Superior with flour is stranded on a reef off Eagle Harbor. Tugs have been sent for the release of the steamer if possible. The Colorado is valued at \$60,000. The place where she struck is one of the most dangerous on the lakes.

To Attend Her Sister's Funeral.

Colorado Springs, Sept. 20.—Mrs. W. A. Hayes, daughter of Mrs. Jefferson Davis, has started for Narragansett, R. I., to attend the funeral of her sister, Miss Winnie Davis.

INSURGENT ACTIVITY

Hundreds Enlisting Daily and the Troops Being Drilled Everywhere.

IMITATING THE YANKEES

Particularly in Volley Firing—Agitation Among the Insurgents Stimulated by the Clerical Party—Spanish Prisoners Rigorously Confined Within Walled City—Aguinaldo's Congress.

London, Sept. 20.—The Manila correspondent of The Times says: "The insurgents, urged by constant rumors of the intention of America to re-establish Spanish rule in the archipelago, continue actively recruiting their army. Hundreds from Manila are enlisting daily, and troops are being drilled everywhere. Great diligence is exhibited in imitating the American formation and manual, particularly in volley firing. Entrenchments in certain positions are being strengthened, and a vigilant line of pickets is kept outside the suburbs."

"At the same time the attitude of the insurgents is much more friendly than it was before the evacuation. "Several thousand rifles have recently been landed and four new Maxim guns have also been received. The provincial leaders are paying into the insurgent treasury a certain portion of the fund captured from convents, professing to reserve the remainder for the payment of their troops. By this means they keep practically independent of the central authority, preserving the integrity of their own command. A general occupying one rich province sent to Aguinaldo \$35,000 in cash last week."

"The agitation among the insurgents is stimulated by the clerical party, which uses every effort to influence the natives against American occupation. Evidence to this effect is absolutely trustworthy, although Archbishop Dozal and other prominent ecclesiastics strenuously deny all knowledge of such action and solemnly disclaim personal participation in it.

"Nothing important is reported from the insurgent congress, which holds sessions daily at Malolos. The chief element of cohesion is confessedly the fear of the return of the Spanish domination. If the insurgents should receive reasonable assurances of a permanent foreign occupation I believe the disintegration of the revolutionary government would be speedy and complete.

"The Spanish prisoners are now rigorously confined within the limits of the walled town. There is much overcrowding in the small area, and it is impossible in the crowded quarters, in the absence of the proper appliances, to improve the present unsatisfactory sanitary conditions. The urgent necessity for removing the prisoners is fully recognized by the authorities, but no remedy is in sight, and the health of the American troops and the prisoners is seriously threatened. Nearly 10 per cent of the former are already on the sick list."

A DOCTOR

Enlists in the Spanish War and His Wife Sues For Divorce.

Louisville, Sept. 20.—Dr. Norval C. Wallace of the First Kentucky regiment has returned home from Puerto Rico. Upon reaching here he was served with notice that his wife had filed suit for divorce, asking \$50 a month alimony and the custody of their little daughter. Abandonment is alleged. Dr. Wallace says he joined the army not to desert his wife, but simply because he deemed such action proper for all able-bodied men. His wife is a daughter of the late Captain Albert Smith of the confederate army.

Captured at Hanging Rock.

Greenville, Ky., Sept. 20.—Benjamin Altman, who shot William Worthington, was pursued to Hanging Rock by Sheriff Collins and Constable Mitchell and lodged in Greenville jail. Worthington is in a precarious condition. The latter is engineer of the Greenville electric light plant, and it is claimed caught Worthington in a compromising position.

The soldier who returns home grum-
bling and finding fault with his govern-
ment, like a Kansas populist, will not
find much sympathy.

Among the prominent democrats who
joined the army of 1898, no one, per-
haps, has returned with more popu-
larity than Capt. W. E. English, and
it will be observed that he has never
raised his voice against his government.
Rev. Carstenson belongs to another
class.

GEORGE E. FINNEY, editor and pub-
lisher of the Martinsville Democrat,
has editorial charge of the Columbus
Democrat. Mr. Finney formerly re-
sided at Columbus and for years pub-
lished the daily and weekly Herald,
but for the past three or four years he
has been at Martinsville. He is a good
newspaper man and will doubtless be
welcomed back to his old home.

Lung Irritation

Is the forerunner to consumption. Dr.
Bell's Pine-Tar-Honey will cure it,
and give such strength to the lungs that
a cough or cold will not settle there.
Twenty-five cents at all good druggists.

The War Is Over

And now our thoughts are all of peace
and home. There are, too often, peo-
ple to be found who have no home, and
it is to them these few words are ad-
dressed. If you really want a home
you can easily get one, but you should
act at once before the release from the
war puts prices on the advance. In
Marquette County, Wisconsin, the very
finest farming land is to be had now at
a most modest figure. Excellent home
markets are at hand to take whatever
the farmer raises, and good prices are
given. These lands are on the Chicago,
Milwaukee & St. Paul Railway, and full
information concerning them will
cheerfully be furnished by C. E. Rollins,
Immigration Agent, 161 La Salle Street,
Chicago.

WASKOM

John Pollert had a valuable brood
mare to die last week.

A. M. Duncan will attend school at
Brownstown this winter.

John Waskom and Oscar Sturgeon
have each purchased a new buggy.

Hon. Alfred Cox was here from Croth-
ersville on legal business last Friday.

Ralph Burdall was able to buggy
ride Sunday, the first time for several
weeks.

Mrs. Elizabeth Burdall and daugh-
ter spent Sunday with Mrs. Nancy Bag-
well and daughter.

Mrs. Abbey Humphrey and children,
of Driftwood, were the guests of Levi
Morgan and family Saturday and Sun-
day.

We affirm the suggestion of a cor-
respondent's day during the street fair
as proposed by Mr. Spraytown. It will
bring good results.

The manufacturing establishments in
this community will close work Sat-
urday night until after the free street
fair at Seymour.

James S. Bailey is erecting a dwell-
ing on South Main street and will move
his family from Muncie when complet-
ed. Come on James.

There are some young bloods at this
place that have an ample supply of
nerve and exhibit the same at singing.
They are not afraid of the dark.

Mrs. Mary A. Waskom and Mrs.
Jane Empson are visiting J. J. Waskom
and wife at Hammond, Ind., the for-
mer's son and the latter's brother.

Will Owen, the music teacher from
Little York, has a class of twenty in
vocal music and will give a lesson every
Saturday night and Sunday evening.

MOONEY

Several of the soldier boys have re-
turned home on a furlough.

Wm. Bolton of this place, moved his
family to Surprise last week.

Dr. T. J. Richard and wife visited
relatives at Eagletown the past week.

Prof. J. W. Browning has returned
home from his mother's near Cortland.

Rev. Maupin preached his last time
this year on this circuit Sunday even-
ing.

Miss Ada McCann, of Brownstown,
has been visiting friends at this place
the past week.

Mr. and Mrs. Wilkerson, of Wales-
boro, have been visiting her sister, Mrs.
Aynes, of this place.

Postmaster Calvers Thompson made
a business trip to Seymour Saturday
and attended the convention.

A. C. Branaman and little son, Carr,
of Bedford, made a business trip here
on Wednesday of last week.

EAST GRASSYFORK.

Cutting corn is in order.

Mrs. John Collins, of Crothersville, is
visiting here.

A. J. Perry, a former citizen here,
will soon move to Illinois.

Edgar Keller, of Lexington, Okla-
homa, has been here visiting his par-
ents.

D. W. Sage is preparing to take a trip
to visit his brother in Wyoming terri-
tory.

Frank Guernsey and wife, of Henry-
ville, were visiting at C. B. Thompsons
over Sunday.

Mrs. Ellen Letterly and daughter, of
Louisville, were visiting friends here
last week.

John Robinson and wife, of Jennings
county, were visiting at D. W. Sages
here last week.

C. B. Thompson has returned from a
visit in the South. He visited all the
historical places near Chattanooga,
Tenn., and southern friends on Lookout
Mountain, in Walker county, Ga. His
trip was a pleasant one.

A Narrow Escape.

Thankful words written by Mrs. Ada E.
Hart, of Grotton S. D. "Was taken with
a bad cold which settled on my lungs;
cough set in and finally terminated in
Consumption. Four Doctors gave me up
saying I could live but a short time. I
gave my self up to my Savior, determin-
ing if I could not stay with my friends
on earth, I would meet my absent ones
above. My husband was advised to get
Dr. King's New Discovery for Consump-
tion, Cough and Cold. I gave it a trial,
took in all eight bottles. It has cured
me, and thank God I am saved and now
a well and healthy woman." Trial bot-
tles at W. F. Peter Drug Store.

Hayden Harvest Home.

The 24th annual Harvest Home held
at Hayden last Saturday, was well at-
tended and a very pleasant time is re-
ported. The threatening weather in
the morning prevented many from
making exhibits. This considered, the
exhibits were very good. The new lo-
cation of grounds, while none too large,
are quite an improvement from the
point of convenience. The following
were awarded premiums:

W. A. Shepherd on black Langshang
chickens.

C. S. Whitcomb on Plymouth Rock
chickens.

Wm. VanBuren on fewest sweet
potatoes in peck.

Martin Gerth on fewest Irish potatoes
in peck.

Mrs. James Runyan on best pound
lutter.

Mrs. John Glixner on heaviest dozen
eggs.

Martin Gerth on 5 highest stalks of
corn.

Martin Gerth on best 10 ears of corn.

N. W. Sullivan on best half bushel
wheat.

Wm. VanBuren on best exhibit of
vegetables.

Mrs. N. W. Sullivan on nicest quilt.

Miss Nettie Moody on nicest sofa
pillow.

Mrs. S. E. Hedge on nicest head rest
and throw.

Frank Little on best cake.

Mrs. A. Woodson on best loaf bread.

Wm. VanBuren on heaviest sweet
potato.

Martin Gerth on heaviest Irish potato.

Whitcomb & Kendrick on largest
pumpkin.

Horace Eastman on oldest farmer
present.

Mrs. Lillian Whitcomb on best ex-
hibit fancy work.

NAMES OF PEARLS.

About Five Thousand Small Ones Can Be
Bought For Nine Dollars.

Pearls are named according to their
size. The very large are called paragon
pearls; when the size of a cherry, ch-
erry pearls; medium are called piece
pearls; smallest, dust pearls. The oval
and long are termed pear pearls, while
badly formed specimens are known as
baroque. The value of pearls varies,
of course, with the quality and general
colors, but the piece, seed and dust
pearls always have a market price.

The cherry and paragon are sold on
an entirely different basis. If many fine
ones are on the market at a time, they
may be had at reasonable rates. Some
years they bring almost any price.
The last two years especially, the deal-
ers say, there has been a great scarcity
of fine pearls, although there is no fall-
ing off in the supply of the small stuff.

When a pearl exceeds one carat in
weight, it is sold separately. Under
that weight they are sold in parcels and
become less valuable as they become
smaller. The smallest dust pearls col-
lected average about 5,000 to the tray
ounce, and are rated at about 40 per
ounce. If, on the contrary, one paragon
weighing an ounce (or 160 carats) was
on sale, it would bring any amount
from \$50,000 to \$200,000, according to
quality.—Philadelphia Times.

Republican Administration Shows
Decrease of Nearly Two
Million Dollars.

Figures on the state debt taken from
the auditor of state's report for 1893 and
1894 present the accompanying problem
in arithmetic. In those years the Demo-
crats had charge of the money vaults
and the auditing of accounts:

State's foreign debt, 1890.....\$ 8,006,615.12

State's foreign debt, 1894.....7,436,615.12

Reduction.....\$ 570,000.00

This is applicable and necessary in
any effort to understand what the Demo-
cratic auditor of state meant when he
reported in 1894 as follows: "Since the
meeting of the last general assembly
\$910,000 of the public debt has been ex-
tinguished." The general assembly re-
ferred to was that of 1893. It adjourned
in March of that year and the last of
the October following the same auditor
of state reported that the state's foreign
debt was \$8,006,615.12. That was only
\$90,000 less than the debt in 1890. Yet
the auditor says in the text matter of
his report of 1893 that "On April 1, that
year, \$840,000 in bonds were taken up."
He wanted the people to understand
they were paid in cash. If they were,
the payment should have been included
in his 1893 debt statement. That would
have made the foreign debt \$390,000 less
than that of 1890, instead of \$50,000 as
shown by his own figures.

In the same connection in the text
matter of his report of 1894 the Demo-
cratic auditor of state says: "April 1,
1894, \$370,000 were retired and Nov. 1,
1894, \$200,000 more were paid, making a
total reduction of \$570,000." It has
been shown by a little subtraction of
figures taken from the same report that
the actual reduction of the foreign
debt from what it was in 1890 was only
\$620,000 or \$290,000 short of what the
auditor claimed in his text. Of this \$290,-
000 can be explained away by its hav-
ing no business in the public debt state-
ment of that time. That \$290,000 was
paid Nov. 1, the day after the close of
the fiscal year, when the foreign debt
was given at \$7,436,615.12. That leaves
\$90,000 to be accounted for, along with
the \$340,000 reported as taken up.
The truth of the matter is the Demo-
crats did more refunding of the state
debt than paying it off in cash. At the
close of the last fiscal year 1897 the Re-
publican auditor of state in his public
debt statement showed that it was \$1,-
720,000 less than when the Democrats
turned over the state to the Republicans.

A BRAVE BOY'S WORDS.

A special from Madison, Ind., to the
Indianapolis Journal, says:

"Michael E. Garber, private in Com-
pany F, One Hundred and Fifty-ninth
Indiana infantry, writes to his mother
in this city as follows:

"Don't believe for a minute the news-
paper accounts of Camp Meade and of
our condition, for they are utterly un-
founded. I do not see how any person
with any humane feeling or principle
could write such editorials as the New
York Journal contains and cause so
much suffering and worry by the sol-
diers' friends and families. Camp
Meade is as pleasant a place as one
could wish for a camp, and although
there is a great deal daily it is because
every person who has the slightest
symptoms of fever is sent there imme-
diately, and they generally return after
a day or two."

Young Garber comes of good Ameri-
can stock, and it is apparent from the
way he writes that he has the proper
conception of what constitutes true pa-
triotism and of what is expected to con-
stitute a true soldier.

What connection there is between the
conduct of the war and principles of free
trade and its variations one can hardly
understand, but it is a fact that all
newspapers committed to everything
but protection of home industries are
violently opposed to and hysterically
critical of General Alger's management
of the war department. Harper's
Weekly, for instance, is furiously
wrought up over the sufferings of sol-
diers. In a recent issue it had, in pic-
tures and comment, a very pronounced
yellow streak. But it permitted a regu-
lar contributor to say: "The mind of
man is too prone anyway to take kindly
to complaints about food. With real
hardships enough to stimulate their
natural tendencies toward faultfinding,
our heroes are now egged on to extra
strenuous efforts in that direction by
the hourly assurances of all the sensa-
tional papers in the country that they
are starved, neglected and miscellane-
ously mismanaged. It must appear in
the camps just now as if a soldier's
whole duty was to distrust authority,
reject his food, bewail his fate and de-
mand to be sent home."

The Rarest Bird.

The rarest bird in existence is a cer-
tain kind of pheasant in Annam. For
many years its existence was known
only by the fact that its longest and
most splendid plume was in much re-
quest by mandarins for their headgear.
A single skin is worth \$400, and the
living bird would be priceless, but it
soon dies in captivity.

Uses of the Fan in Japan.

The uses of the fan are many and
various in Japan, where it is carried
by men, women and children. A but-
terfly shaped fan in the hands of the
emperor at wrestling and fencing matches
is made to express a number of messages
perfectly understood and promptly at-
tended to by the combatants.

PAY FEES OR SUFFER

TIPS THAT MUST BE GIVEN ON THE
BIG OCEAN LINERS.

The Passenger Who Seeks to Evade This
System of Mild Blackmailing Has His
Life on Board Made Miserable by the
Employees of the Steamship.

The fee system is more rigidly en-
forced on a big passenger steamship
than anywhere else. It is one of the
places where servants demand their fees
and tell you the amount that they think
you ought to give them. While the
waiters at restaurants and hotels expect
fees for their services and will hint and
may perhaps make it embarrassing for
you if they are not paid they have
not gone so far as to tell you that they
want a fee and prescribe the amount.
Even porters do not do that. They come
around, brush your coat and hat and
run the whisk over your trousers, but
it is seldom that they ask you for any
money, let alone a specified amount.

On the passenger steamers the stew-
ards regard their fees as a matter of
right as much as the steamship com-
pany regards your passage money. It is
possible to avoid paying the fees, as
they are not collectable by law, but the
passenger who does not pay them will
have trouble in getting his luggage off
the steamer, and it would be well for
him to keep off steamers afterward
where any of the servants of that boat
are employed.

The stewards seem to have some sort
of fee guidebook or black list of passen-
gers who do not give fees, so that they
can make them suffer on future trips.
Certain fees are regularly fixed and ex-
pected, irrespective of the cost of the
stateroom or the style in which a man
travels, while certain other fees depend
on the style. For an ordinary passenger
there are fees to be given to the state-
room steward, the saloon steward, the
deck steward, the smoking room steward
and the barber and bath man.

The fee to the steward who looks
after your stateroom is about 10 shil-
lings. The steward who waits on you
at the table should receive the same fee.
The deck steward, for bringing you an
occasional drink and looking after your
steamer chair and rugs, expects 5 shil-
lings, but he will take half a crown.
The smoking room steward expects 5
shillings, and if you are in the smoking
room a great part of the trip he feels
that he is entitled to as much as the
stateroom steward or your waiter. A
bath every day on the passage can be
had for a 5 shilling fee.

These rates are fixed by long custom.
The steward's can tell whether or not a
man understands the rates and if he will
pay at the end of the trip. If they do
not think that he will, they give him
hints from time to time until they get
some assurance on his part that he re-
cognizes the obligation of the fee sys-
tem. If they think he will not pay, he
will have a hard time of it. He will
find that his stateroom is not well made
up; that he does not get care when he
is seasick; that he is served last at the
table and does not get the things that
he ordered; that the wrong drinks and
cigars come to him in the smoking
room, and that his steamer chair is con-
stantly lost. The servants are as effec-
tive as seasickness in making a man's
trip miserable.

These fees are not to be paid until
the last day of the trip. The servants
very speedily find out at which place a
passenger is to get off. If making his
first trip, they are pretty sure to know
it. It is advisable for him in that case
to tell his stateroom steward and his
waiter that he will give them the regu-
lar fee at the end of the trip if they
serve him properly and that if they do
not they will not get a penny. If he
tells them this in the proper way, he
will get as good service as the man who
is well known.

The last morning of the trip the state-
room steward comes round for his fee.
If the passenger does not offer it, the
steward suggests that it is customary
to give him a fee, and that the regular
fee is half a sovereign. If anything less
is offered him and he thinks he can get
a half sovereign by refusing to accept
less, he will at once hand the proffered
sum back and say in an insolent way
that he never takes less than the regu-
lar fee.

With many passengers, particularly
women, this remark and the tone ex-
tract the 10 shillings. The saloon stew-
ard does the same thing. The stewards
work in with each other, and if a man
succeeds in avoiding the stateroom stew-
ard and the saloon steward will ask him
for both himself and the stateroom stew-
ard. As a man cannot get off the ship until
it stops, there is no way of escaping
these demands, which will be repeated
during the last day of the trip until the
passenger succumbs.—New York Home
Journal.

THE STATE DEBT

REDUCED

Republican Administration Shows
Decrease of Nearly Two
Million Dollars.

Figures on the state debt taken from
the auditor of state's report for 1893 and
1894 present the accompanying problem
in arithmetic. In those years the Demo-

crats had charge of the money vaults

and the auditing of accounts:

State's foreign debt, 1890.....\$ 8,056,015.12

State's foreign debt, 1894.....7,436,015.12

Reduction.....\$ 620,000.00

This is applicable and necessary in

any effort to understand what the Demo-

cratic auditor of state meant when he

reported in 1894 as follows: "Since the

meeting of the last general assembly

\$910,000 of the public debt has been ex-

tinguished." The general assembly re-

ferred to was that of 1893. It adjourned

in March of that year and the last of

the October following the same auditor

of state reported that the state's foreign

debt was \$8,056,015.12. That was only

\$50,000 less than the debt in 1890. Yet

the auditor says in the text matter of

his report of 1893 that "on April 1, that

year, \$940,000 in bonds were taken up."

He wanted the people to understand

they were paid in cash. If they were,

the payment should have been included

in his 1893 debt statement. That would

have made the foreign debt \$390,000 less

than that of 1890, instead of \$50,000 as

shown by his own figures.

In the same connection in the text

matter of his report of 1894 the Demo-

cratic auditor of state says: "April 1,

1894, \$370,000 were retired and Nov. 1,

1894 \$200,000 more were paid, making a

total reduction of \$570,000." It has

been shown by a little subtraction of

figures taken from the same report that

the actual reduction of the foreign

debt from what it was in 1890 was only

\$50,000 or \$290,000 short of what the

auditor claimed in his text. Of this \$200,

000 can be explained away by its hav-

ing no business in the public debt state-

ment of that time. That \$200,000 was

paid Nov. 1, the day after the close of

the fiscal year, when the foreign debt

was given at \$7,436,015.12. That leaves

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Brain Tonic. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I kept them at hand and a single dose dispels any old symptoms."

40,000 MORE TROOPS

Will Soon Be Sent to Cuba For Garrison Duty.

WILL NOT WAIT ON SPAIN

To Evacuate the Island as Indications Are That It Will Be Several Months Before the Commission Completes Its Work—New Rules Issued as to Procuring Discharges.

Washington, Sept. 20.—It is the present intention of the administration to send to Cuba, as a garrison force for the island, about 40,000 troops, in addition to the force now in Santiago under command of General Lawton. The organizations which are to comprise the Cuban garrison have not all been designated yet, but it is assured that at least half of them will be volunteers.

Within two weeks orders will be issued for the movement to Cuba of the first 10,000 of the permanent garrison and it is the expectation now that they will sail from the United States about Oct. 10. These troops will be followed quickly by others, until the entire force of 40,000 has been established on the island.

It is not the intention of the administration to await the evacuation of the island by the Spanish forces before sending United States troops to Cuba, as the indications now are that it may be several months before the Cuban commissioners complete their work. Quite naturally, a considerable number of Spanish troops will remain on the island until the arrangements for the relinquishment of Spanish sovereignty over it formally have been concluded.

The rainy season in Cuba is nearly at an end and the most delightful season of the year on the island is about to begin. During the late fall and winter months the climate in Cuba is not only enjoyable, but healthful and, with such care as will be taken for the health and comfort of the American forces to be stationed in Cuba, officials of the war department have no fear that serious illness among the men will follow the occupation of the island.

DISCHARGES

From Army Service Cannot Be Procured Through Senators In Future.

Washington, Sept. 20.—The following statement is given out at the war department:

"The war department is just at present undergoing an experience which illustrates the alacrity with which the average American citizen hastens to his senator or representative in congress for aid in emergencies.

"The cessation of hostilities and the improbability of their renewal, with the dullness of camp life, has apparently created a feeling of restlessness among the men of the volunteer army, who, in the majority of cases, have given up positions of larger compensation, and many of them are imploring their political representatives to obtain their discharges, and the latter in turn are flooding the war department with requests for prompt and immediate action.

"To such an abuse of privilege has this grown that the war department has been obliged to call attention to that paragraph of the army regulations which requires that all communications from subordinates to superiors must pass through military channels, and to decline, as a rule, to entertain applications for discharges of enlisted men unless they come to it in the proper manner.

The woman who suffers from weakness and disease of the distinctly feminine organs is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a competent mother. Troubles of this nature sap the strength, rack the nerves, paint lines of suffering upon the face, destroy the temper, make the once bright eyes dim, and transform a vivacious woman into a weak, sickly invalid.

The one sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal irritation and inflammation that give rise to a debilitating drain on the system. It is the best medicine for overworked, "run-down" women.

About six years ago my wife became afflicted with female weakness," writes the Rev. I. J. Coppedge, of Elmo, Kaufman Co., Texas. "She could not stand on her feet or get in any position in which she did not suffer great pain. She despaired of ever again being well. She took six bottles of Dr. Pierce's Favorite Prescription and has been well and happy for twelve months."

It is a druggist's business to give you, not to tell you, what you want. Twenty-one cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 cents. Send to Dr. R. V. Pierce, Buffalo, N. Y.

Yellow Fever.

Reports from the South indicate the epidemic is gaining headway.

Louisville, Sept. 20.—Reports from the far south indicate that the yellow fever epidemic is slowly gaining headway. The following synopsis was

"A soldier who is desirous of securing his discharge and has good and sufficient reasons upon which to base it will save himself a great amount of time and trouble if he will set forth the reasons for his discharge in a letter addressed to the adjutant general of the army and hand it to the captain of his company, who, in turn, is required to forward it to the colonel of the regiment and the latter to pass it along through brigade, division and corps headquarters to the proper recommendation. Unless this is done the department will send the paper back to the company commander for his recommendation, and that takes time which may be saved by following the proper rule.

"The department has also promulgated another ruling in this connection which is to the effect that public policy will not permit at this time the consideration of applications for discharges of men serving in the Philippine Islands, Honolulu, Cuba or Porto Rico. The reasons for this are obvious. Aside from the question of transportation involved, the necessity of supplying the places of men who are to be discharged with others from the states, it is to be remembered that the war is not over and that much depends upon the results and deliberations of the peace commissioners, who have sailed for Paris."

No Deaths at Chickamauga.

Chickamauga, Sept. 20.—The reports from the hospitals yesterday show very gratifying results. There were no deaths at either the Sternberg or at Leiter hospital. Nine men were released from Sternberg and furloughed and seven from Leiter. The citizens of Chattanooga are arranging for a great reception to be tendered Secretary Alger tomorrow evening.

Lawton's Report For Two Days.

Washington, Sept. 20.—General Lawton's report of the health conditions of the American forces at Santiago, made to the war department last night, indicates little if any improvement. There were, however, fewer new cases of sickness yesterday than Sunday. Following is the text of his report: Sept. 18.—Sick, 1,193; fever, 743; new cases, 107; returned to duty, 240; deaths, 4. Sept. 19.—Sick, 1,191; fever, 675; new cases, 66; returned to duty, 323; deaths, 2.

HAVANA NEWS.

American Commissioners Have Taken up Their Residence Ashore.

Havana, Sept. 20.—All the members of the American evacuation commission came ashore from the steamer Resolute and are now installed at the Trocha hotel at Vedado. All are well. Major Allison sprained his ankle, but the injury is not important.

Rear Admiral Luis Pastor Lander, captain of the port, who was originally elected a member of the Spanish evacuation commission, has owing to sickness, been replaced by Admiral Manterola, and sailed for Spain today, owing to his ill health.

Captain General Blanco has ordered that the confiscation of the few cattle remaining in the island shall be suspended in the Matanzas province, where it threatened to become a death blow to all possible work in the fields.

Advices from the interior report that hospitals are being established on many estates, and that relief committees have been organized in several towns and villages to attend to the requirements of the Cuban troops, who are in a sad condition.

MORE TROOPS TO MANILA.

The Returning Transports Will Be Utilized to Carry Them.

Washington, Sept. 20.—It was stated at the quartermaster general's department that the returning transports which have been to Manila on one trip, will be used to take the troops now at San Francisco to the Philippines. Two of these steamers, which will accommodate about the half command, are expected in a day or two. Other steamers now on their way will be sent back as soon as loaded with troops. Four steamers will be sufficient for the transportation of the troops and supplies. It is believed that less time will be consumed by using these transports than in fitting up new vessels.

GENERAL LEE'S CAMP.

Chief Surgeon Maus Reports It as Being in Excellent Condition.

Washington, Sept. 20.—Lieutenant Colonel L. M. Maus, chief surgeon Seventh army corps, has made a report to General Lee, which shows the excellent condition of the camp at Jacksonville, Fla. There are three division hospitals, with 569 persons undergoing treatment, and only a few of these cases are of a serious nature, principally typhoid fever. The grounds occupied by the three divisions are excellent for camping and well fitted with every facility of disposing of refuse. The health of the camp is regarded as excellent.

The Sick at Camp Meade.

Camp Meade, Pa., Sept. 20.—There are over 100 typhoid fever patients in the division hospitals and the Red Cross wards have been increased to double their former size to accommodate this class of patients. The society has 35 trained female nurses on the ground taking care of the most serious cases.

Ordered to Porto Rico.

Fort Thomas, Ky., Sept. 20.—Eighteen members of the United States hospital corps, who have been on duty here, took a train last night for New York, under orders to join the 10 women nurses there, who went from here last Sunday, and proceed with them to San Juan, Porto Rico.

YELLOW FEVER.

Reports from the South indicate the epidemic is gaining headway.

Louisville, Sept. 20.—Reports from the far south indicate that the yellow fever epidemic is slowly gaining headway. The following synopsis was

gleaned from reports emanating in that section last night: Four new cases in New Orleans and five at Harvey's Canal.

A recapitulation of the epidemic throughout Mississippi shows that out of a total of 109 cases seven deaths have occurred, the death rate being 12 per cent heavier than that of last year. Two new cases have appeared at Taylors, but Orwood reports no increase. No new cases have appeared in Jackson.

National Guard Battery Ordered Home.

Springfield, Ill., Sept. 20.—Governor Tanner yesterday issued orders to Battery B, Illinois National Guard, which has been at Camp Lincoln for three weeks, ready to move to Panama if their presence was necessary there to check any trouble between the imported negro miners, deputy sheriffs and the striking miners, to return to their home station at Galesburg.

WIRE TICKS.

Fifteen hundred tasters are on strike at Brockton, Mass.

The treasury statement shows: Available cash balances, \$317,786,038; gold reserve, \$243,351,655.

A hurricane which swept over southern Spain killed six persons, injured many and demolished 85 houses.

Fire at Defunk, headquarters of the Florida Chautauque, destroyed 15 stores and houses. Loss, \$100,000.

Rev. Dr. Aust'n Griffin of Binghampton, N. Y., has been appointed presiding elder of the Wyoming (Pa.) district of the M. E. church.

Dr. Henry Otto Claus, 72 years of age, committed suicide in his office in New York city by shooting. He had a large practice and was worth \$350,000. Cause is unknown.

An arbitration board has given the Smith Printing company's employees, at Lansing, Mich., an increase in wages and a reduction of hours to nine and one-half per day. They had demanded nine hours per day.

REFUSE TO SALUTE.

White Soldiers Turn Their Backs to the Colored Officers.

Lexington, Ky., Sept. 20.—Trouble between the white and colored troops in Camp Hamilton is threatened. The white soldiers have refused to salute colored officers. They turn their backs when the colored officers approach. There have been two or three fist fights between white and colored soldiers, but no serious difficulties.

Sergeant J. H. Gilmore of the Third Mississippi is under arrest at the guardhouse for interfering with passengers on a streetcar. Gilmore got on the car at London Park station and declared his intention to enforce the separate law. With a pistol he drove nine colored men out of the car and gave the conductor 45 cents for their fares. In the run of a mile to the city the car was stopped about 20 times by colored people who wanted to ride, but Gilmore was there with his pistol and a nickel to represent the fare of each. Not a colored person rode on that car that trip and when the car reached Main street the conductor had Gilmore arrested.

Paying the Interest.

Washington, Sept. 20.—The treasurer of the United States has mailed 27,516 checks, aggregating \$4,910,294, in payment of the interest due Oct. 1 on United States registered 4 per cent consols of 1907 with notice that they may be presented for immediate payment.

INSURGENT ACTIVITY

Hundreds Enlisting Daily and the Troops Being Drilled Everywhere.

IMITATING THE YANKEES

Particularly in Volley Firing—Agitation Among the Insurgents Stimulated by the Clerical Party—Spanish Prisoners Rigorously Confined Within Walled City—Aguinaldo's Congress.

London, Sept. 20.—The Manila correspondent of The Times says: "The insurgents, urged by constant rumors of the intention of America to re-establish Spanish rule in the archipelago, continue actively recruiting their army. Hundreds from Manila are enlisting daily, and troops are being drilled everywhere. Great diligence is exhibited in imitating the American formation and manual, particularly in volley firing. Entrenchments in certain positions are being strengthened, and a vigilant line of pickets is kept outside the suburbs. "At the same time the attitude of the insurgents is much more friendly than it was before the evacuation. "Several thousand rifles have recently been landed and four new Maxims have also been received. The provincial leaders are paying into the insurgent treasury a certain portion of the fund captured from convents, professing to reserve the remainder for the payment of their troops. By this means they keep practically independent of the central authority, preserving the integrity of their own command. A general occupying one rich province sent to Aguinaldo \$35,000 in cash last week.

"The agitation among the insurgents is stimulated by the clerical party, which uses every effort to influence the natives against American occupation. Evidence to this effect is absolutely trustworthy, although Archbishop Dozal and other prominent ecclesiastics strenuously deny all knowledge of such action and solemnly disclaim personal participation in it.

"Nothing important is reported from the insurgent congress, which holds sessions daily at Malolos. The chief element of cohesion is confessedly the fear of the return of the Spanish domination. If the insurgents should receive reasonable assurances of a permanent foreign occupation I believe the disintegration of the revolutionary government would be speedy and complete.

"The Spanish prisoners are now rigorously confined within the limits of the walled town. There is much overcrowding in the small area, and it is impossible in the crowded quarters, in the absence of the proper appliances, to improve the present unsatisfactory sanitary conditions. The urgent necessity for removing the prisoners is fully recognized by the authorities, but no remedy is in sight, and the health of the American troops and the prisoners is seriously threatened. Nearly 10 per cent of the former are already on the sick list."

TO POISON AGUINALDO.

Released Spanish Prisoner Tampered With the Insurgent Chief's Soup.

Manila, Sept. 20.—The Republica Filipina yesterday asserted that an attempt was made to poison Aguinaldo on Friday night. A steward, it is alleged, saw a Spanish prisoner, who had been allowed his freedom, make a movement which appeared like tampering with a bowl of soup intended for Aguinaldo, whereupon the steward tasted a spoonful of the soup and fell dead.

Eleven Franciscan friars are alleged to have been engaged in the conspiracy. The populace, it is further said, attempted to lynch all the Spanish prisoners, but Aguinaldo intervened.

At Saturday's session of the national assembly it appears, Aguinaldo was absent, but his representative related the story of the outrage to the members, who unanimously adopted a proposal that they all go to Aguinaldo's house, express sympathy with him and congratulate him upon his escape. During the evening a special thanksgiving service was held in the church at Malolos.

Soup intended for Aguinaldo is now subjected, it is stated, to a chemical analysis before being presented to the insurgent leader, and the Spanish prisoners are kept closely confined.

IN HUMANITY.

Charged Against Americans For Death of Spanish Prisoners Enroute Home.

Madrid, Sept. 20.—There is much indignation here at the fact that there were 123 deaths during the voyage among the 1,000 Spanish soldiers who have just arrived in Spain on board the Spanish transport San Ignacio de Loyola, from Santiago de Cuba. The Spaniards attribute this heavy death rate to the "inhumanity of the Americans in obliging the sick Spaniards to embark and make room in the hospitals for the Americans."

Steamer Stranded.

Houghton, Mich., Sept. 20.—The steamer Colorado, bound down Lake Superior with flour is stranded on a reef off Eagle Harbor. Tugs have been sent for the release of the steamer if possible. The Colorado is valued at \$60,000. The place where she struck is one of the most dangerous on the lakes.

To Attend Her Sister's Funeral.

Colorado Springs, Sept. 20.—Mrs. J. A. Hayes, daughter of Mrs. Jefferson Davis, has started for Narragansett, P. R. to attend the funeral of her sister, Miss Winnie Davis.

BOWLING SCORES

Cities the Greater New York Club Will Visit.

New York, Sept. 20.—Following is the schedule of games arranged for the second annual tour of the Greater New York Bowling club to begin Nov. 15: At Buffalo, three days; Dayton, O., two days; Cincinnati, four days; Chicago, three days, and the following places one day each: Newport and Covington, Ky.; Lockland and Reading, O.; Louisville, St. Louis, Lawrenceburg, Ind.; Richmond, Ind.; Lexington, Ky.; Kalamazoo, Mich.; Battle Creek, Mich.; Detroit, Bay City and Grand Rapids.

In addition to the foregoing, games will be arranged as far west as Denver and will include also Columbus, O.; Indianapolis and Logansport, Ind.; and other bowling centers in Ohio, Indiana and Illinois.

McCoy and Corbett.

New York, Sept. 20.—Kid McCoy refuses to hold any further conference with Corbett and his manager relative to the change of date and place of his meeting with Corbett. He was not present at a meeting which had been arranged for yesterday afternoon at a saloon in this city, but instead sent a letter. All the pugilistic celebrities in the town, including Corbett and Sharkey, were on hand. In his letter McCoy said: "I have been notified through my manager that the Hawthorne Athletic club of Buffalo will pull off the proposed contest between Corbett and myself which has been set for Oct. 15. Therefore I do not see any need of meeting Mr. Corbett."

HIGH COMMISSION

Reassembles at Quebec to Adjust United States and Canadian Controversies.

Quebec, Sept. 20.—The joint high commission appointed by the United States and Great Britain to consider and adjust certain international questions for many years in controversy between the United States and Canada reassembled here today. The commission first met here on Aug. 23 and, after 10 days' work, took a recess until Sept. 20.

Commissioner Kasson is the only member of the American delegation who remained in Quebec during the recess, and his time has been employed in making up reciprocity schedules and mapping out a general plan for the settlement of trade relations between the two countries. This will be the most important question and the most difficult for the joint commission to settle. The lake fisheries will probably be the first question taken up by the American commissioners.

Charles H. Babcock of Rochester, N. Y., representing the fishing interests of New York state, is now here, and other representatives from Ohio and Michigan are expected today. They will probably ask for more uniform regulations between the two countries in the fishing interests, but the exact nature of their demands cannot be known until they have made them known to the American commissioners. After the lake fishing interests, the farmers on the Canadian border states will probably next be heard from.

A DOCTOR

Enlists in the Spanish War and His Wife Sues For Divorce.

Louisville, Sept. 20.—Dr. Norval C. Wallace of the First Kentucky regiment has returned home from Puerto Rico. Upon reaching here he was served with notice that his wife had filed suit for divorce, asking \$50 a month alimony and the custody of their little daughter.

Abandonment is alleged. Dr. Wallace says he joined the army not to desert his wife, but simply because he deemed such action proper for all able-bodied men. His wife is a daughter of the late Captain Albert Smith of the confederate army.

Captured at Hanging Rock.

Greenup, Ky., Sept. 20.—Benjamin Altman, who shot William Worthington, was pursued to Hanging Rock by Sheriff Collins and Constable Mitchell and lodged in Greenup jail. Worthington is in a precarious condition. The latter is engineer of the Greenup electric light plant, and it is claimed caught Worthington in a compromising position.

The soldier who returns home grumbling and finding fault with his government, like a Kansas populist, will not find much sympathy.

Among the prominent democrats who joined the army of 1898, no one, perhaps, has returned with more popularity than Capt. W. E. English, and it will be observed that he has never raised his voice against his government. Rev. Carstenson belongs to another class.

GEORGE E. FISNEY, editor and publisher of the Martinsville Democrat, has editorial charge of the Columbus Democrat. Mr. Finney formerly resided at Columbus and for years published the daily and weekly Herald, but for the past three or four years he has been at Martinsville. He is a good newspaperman and will doubtless be welcomed back to his old home.

Lung Irritation
Is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or cold will not settle there. Twenty-five cents at all good druggists.

The War Is Over
And now our thoughts are all of peace and home. There are, too often, people to be found who have no home, and it is to them these few words are addressed. If you really want a home you can easily get one, but you should act at once before the relapse from the war puts prices on the advance. In Marinette County, Wisconsin, the very finest farming land is to be had now at a most modest figure. Excellent home markets are at hand to take whatever the farmer raises, and good prices are given. These lands are on the Chicago, Milwaukee & St. Paul Railway, and full information concerning them will cheerfully be furnished by C. E. Rollins, Immigration Agent, 161 La Salle Street, Chicago.

WASKOM

John Pollert had a valuable brood mare to die last week.

A. M. Duncan will attend school at Brownstown this winter.

John Waskom and Oscar Sturgeon have each purchased a new buggy.

Hon. Alfred Cox was here from Crothersville on legal business last Friday.

Ralph Burdall was able to buggy ride Sunday, the first time for several weeks.

Mrs. Elizabeth Burdall and daughter spent Sunday with Mrs. Nancy Bagwell and daughter.

Mrs. Abbey Humphrey and children, of Driftwood, were the guests of Levi Morgan and family Saturday and Sunday.

We affirm the suggestion of a correspondents' day during the street fair as proposed by Mr. Spraytown. It will bring good results.

The manufacturing establishments in this community will close work Saturday night until after the free street fair at Seymour.

James S. Bailey is erecting a dwelling on South Main street and will move his family from Muncie when completed. Come on James.

There are some young bloods at this place that have an ample supply of nerve and exhibit the same at singing. They are not afraid of the dark.

Mrs. Mary A. Waskom and Mrs. Jane Simpson are visiting J. J. Waskom and wife at Hammond, Ind., the former's son and the latter's brother.

Will Owen, the music teacher from Little York, has a class of twenty in vocal music and will give a lesson every Saturday night and Sunday evening.

MOONEY

Several of the soldier boys have returned home on a furlough.

Wm. Bolton of this place, moved his family to Surprise last week.

Dr. T. J. Richard and wife visited relatives at Eagletown the past week.

Prof. J. W. Browning has returned home from his mother's near Cortland.

Rev. Maupin preached his last time this year on this circuit Sunday evening.

Miss Ada McCann, of Brownstown, has been visiting friends at this place the past week.

Mr. and Mrs. Wilkerson, of Walesboro, have been visiting her sister, Mrs. Aynes, of this place.

Postmaster Calvers Thompson made a business trip to Seymour Saturday and attended the convention.

A. C. Branaman and little son, Carr, of Bedford, made a business trip here on Wednesday of last week.

EAST GRASSYFORK.

Cutting corn is in order.

Mrs. John Collins, of Crothersville, is visiting here.

A. J. Perry, a former citizen here, will soon move to Illinois.

Edgar Keller, of Lexington, Oklahoma, has been here visiting his parents.

D. W. Sage is preparing to take a trip to visit his brother in Wyoming territory.

Frank Guernsey and wife, of Henryville, were visiting at C. B. Thomsons over Sunday.

Mrs. Ellen Letterly and daughter, of Louisville, were visiting friends here last week.

John Robinson and wife, of Jennings county, were visiting at D. W. Sages' here last week.

C. B. Thompson has returned from a visit in the South. He visited all the historical places near Chattanooga, Tenn., and southern friends on Lookout Mountain, in Walker county, Ga. His trip was a pleasant one.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up saying I could live but a short time. I gave my self up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption. Cough and Cold. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles at W. F. Peter Drug Store. Regular size 50c and \$1.00. Guaranteed on price refunded.

Hayden Harvest Home.

The 24th annual Harvest Home held at Hayden last Saturday, was well attended and a very pleasant time is reported. The threatening weather in the morning prevented many from making exhibits. This considered, the exhibits were very good. The new location of grounds, while none too large, are quite an improvement from the point of convenience. The following were awarded premiums:

W. A. Shepherd on black Langshang chickens.

C. S. Whitcomb on Plymouth Rock chickens.

Wm. VanBuren on fewest sweet potatoes in peck.

Martin Gerth on fewest Irish potatoes in peck.

Mrs. James Runyan on best pound butter.

Mrs. John Glixner on heaviest dozen eggs.

Martin Gerth on 5 highest stalks of corn.

Martin Gerth on best 10 ears of corn.

N. W. Sullivan on best half bushel wheat.

Wm. VanBuren on best exhibit of vegetables.

Mrs. N. W. Sullivan on nicest quilt.

Miss Nettie Moody on nicest sofa pillow.

Mrs. S. E. Hedge on nicest head rest and throw.

Frank Little on best cake.

Mrs. A. Woodson on best loaf bread.

Wm. VanBuren on heaviest sweet potato.

Martin Gerth on heaviest Irish potato.

Whitcomb & Kendrick on largest pumpkin.

Horace Eastman on oldest farmer present.

Mrs. Lillian Whitcomb on best exhibit fancy work.

NAMES OF PEARLS.

About Five Thousand Small Ones Can Be Bought For Nine Dollars.

Pearls are named according to their size. The very large are called paragon pearls; when the size of a cherry, cherry pearls; medium are called piece pearls; smallest, dust pearls. The oval and long are termed paragon pearls, while badly formed specimens are known as baroque pearls. The value of pearls varies, of course, with the quality and general colors, but the piece, seed and dust pearls always have a market price.

The cherry and paragon are sold on an entirely different basis. If many fine ones are on the market at a time, they may be had at reasonable rates. Some years they bring almost any price. The last two years especially, the dealers say, there has been a great scarcity of fine pearls, although there is no falling off in the supply of the small stuff.

When a pearl exceeds one carat in weight, it is sold separately. Under that weight they are sold in parcels and become less valuable as they become smaller. The smallest dust pearls collected average about 5,000 to the tray ounce and are rated at about \$2 per ounce. If, on the contrary, one paragon weighing an ounce (or 160 carats) was on sale, it would bring any amount from \$20,000 to \$200,000, according to quality.—Philadelphia Times.

THE STATE DEBT

REDUCED

Republican Administration Shows Decrease of Nearly Two Million Dollars.

Figures on the state debt taken from the auditor of state's report for 1893 and 1894 present the accompanying problem in arithmetic. In those years the Democrats had charge of the money vaults and the auditing of accounts:

State's foreign debt, 1890..... \$ 8,056,615.12
State's foreign debt, 1894..... 7,436,615.12

Reduction..... \$ 620,000.00

This is applicable and necessary in any effort to understand what the Democratic auditor of state meant when he reported in 1894 as follows: "Since the meeting of the last general assembly \$910,000 of the public debt has been extinguished." The general assembly referred to was that of 1893. It adjourned in March of that year and the last of the October following the same auditor of state reported that the state's foreign debt was \$8,056,615.12. That was only \$50,000 less than the debt in 1890. Yet the auditor says in the text matter of his report of 1893 that "on April 1, that year, \$340,000 in bonds were taken up." He wanted the people to understand they were paid in cash. If they were, the payment should have been included in his 1893 debt statement. That would have made the foreign debt \$890,000 less than that of 1890, instead of \$50,000 as shown by his own figures.

In the same connection in the text matter of his report of 1894 the Democratic auditor of state says: "April 1, 1894, \$370,000 were retired and Nov. 1, 1894 \$200,000 more were paid, making a total reduction of \$570,000." It has been shown by a little subtraction of figures taken from the same report that the actual reduction of the foreign debt from what it was in 1890 was only \$620,000 or \$290,000 short of what the auditor claimed in his text. Of this \$290,000 can be explained away by its having no business in the public debt statement of that time. That \$290,000 was paid Nov. 1, the day after the close of the fiscal year, when the foreign debt was given at \$7,436,615.12. That leaves \$90,000 to be accounted for, along with the \$340,000 reported as taken up. The truth of the matter is the Democrats did more refunding of the state debt than paying it off in cash. At the close of the last fiscal year 1897 the Republican auditor of state in his public debt statement showed that it was \$1,720,000 less than when the Democrats turned over the state to the Republicans.

A BRAVE BOY'S WORDS.

A special from Madison, Ind., to the Indianapolis Journal, says:

"Michael E. Garber, private in Company F, One Hundred and Fifty-ninth Indiana infantry, writes to his mother in this city as follows:

"Don't believe for a minute the newspaper accounts of Camp Meade and of our condition, for they are utterly unfounded. I do not see how any person with any humane feeling or principle could write such editorials as the New York Journal contains and cause so much suffering and worry by the soldiers' friends and families. Camp Meade is as pleasant a place as one would wish for a camp, and although it is a great deal daily it is because every person who has the slightest symptoms of fever is sent there immediately, and they generally return after a day or two."

Young Garber comes of good American stock, and it is apparent from the way he writes that he has the proper conception of what constitutes true patriotism and of what is expected to constitute a true soldier.

What connection there is between the conduct of the war and principles of free trade and its variations one can hardly understand, but it is a fact that all newspapers committed to everything but protection of home industries are violently opposed to and hysterically critical of General Alger's management of the war department. Harper's Weekly, for instance, is furiously wrought up over the sufferings of soldiers. In a recent issue it had, in pictures and comment, a very pronounced yellow streak. But it permitted a regular contributor to say: "The mind of man is too prone anyway to take kindly to complaints about food. With real hardships enough to stimulate their natural tendencies toward faultfinding, our heroes are now egged on to extra strenuous efforts in that direction by the hourly assurances of all the sensational papers in the country that they are starved, neglected and miserably mismanaged. It must appear in the camps just now as if a soldier's whole duty was to distrust authority, reject his food, bewail his fate and demand to be sent home."

The Rarest Bird.

The rarest bird in existence is a certain kind of pheasant in Annam. For many years its existence was known only by the fact that its longest and most splendid plume was in much request by mandarins for their headgear. A single skin is worth \$400, and the living bird would be priceless, but it soon dies in captivity.

Uses of the Fan In Japan.

The uses of the fan are many and various in Japan, where it is carried by men, women and children. A butterfly shaped fan in the hands of the umpire at wrestling and fencing matches is made to express a number of messages perfectly understood and promptly attended to by the combatants.

PAY FEES OR SUFFER

TIPS THAT MUST BE GIVEN ON THE BIG OCEAN LINERS.

The Passenger Who Seeks to Evade This System of Mild Blackmailing Has His Life on Board Made Miserable by the Employees of the Steamship.

The fee system is more rigidly enforced on a big passenger steamship than anywhere else. It is one of the places where servants demand their fees and tell you the amount that they think you ought to give them. While the waiters at restaurants and hotels expect fees for their services and will hint and may perhaps make it embarrassing for you if they are not paid, they have not gone so far as to tell you that they want a fee and prescribe the amount. Even porters do not do that. They come around, brush your coat and hat and run the whisk over your trousers, but it is seldom that they ask you for any money, let alone a specified amount.

On the passenger steamers the stewards regard their fees as a matter of right as much as the steamship company regards your passage money. It is possible to avoid paying the fees, as they are not collectable by law, but the passenger who does not pay them will have trouble in getting his luggage off the steamer, and it would be well for him to keep off steamers afterward where any of the servants of that boat are employed.

The stewards seem to have some sort of fee guidebook or black list of passengers who do not give fees, so that they can make them suffer on future trips. Certain fees are regularly fixed and expected, irrespective of the cost of the stateroom or the style in which a man travels, while certain other fees depend on the style. For an ordinary passenger there are fees to be given to the stateroom steward, the saloon steward, the deck steward, the smoking room steward and the barber and bath man.

The fee to the steward who looks after your stateroom is about 10 shillings. The steward who waits on you at the table should receive the same fee. The deck steward, for bringing you an occasional drink and looking after your steamer chair and rugs, expects 5 shillings, but he will take half a crown. The smoking room steward expects 5 shillings, and if you are in the smoking room a great part of the trip he feels that he is entitled to as much as the stateroom steward or your waiter. A bath every day on the passage can be had for a 5 shilling fee.

These rates are fixed by long custom. The steward can tell whether or not a man understands the rates and if he will pay at the end of the trip. If they do not think that he will, they give him hints from time to time until they get some assurance on his part that he recognizes the obligation of the fee system. If they think he will not pay, he will have a hard time of it. He will find that his stateroom is not well made up; that he does not get care when he is seasick; that he is served last at the table and does not get the things that he ordered; that the wrong drinks and cigars come to him in the smoking room, and that his steamer chair is constantly lost. The servants are as effective as seasickness in making a man's trip miserable.

These fees are not to be paid until the last day of the trip. The servants very speedily find out at which place a passenger is to get off. If making his first trip, they are pretty sure to know it. It is advisable for him in that case to tell his stateroom steward and his waiter that he will give them the regular fee at the end of the trip if they serve him properly and that if they do not they will not get a penny. If he tells them this in the proper way, he will get as good service as the man who is well known.

The last morning of the trip the stateroom steward comes round for his fee. If the passenger does not offer it, the steward suggests that it is customary to give him a fee, and that the regular fee is half a sovereign. If anything less is offered him and he thinks he can get a half sovereign by refusing to accept less, he will at once hand the proffered sum back and say in an insolent way that he never takes less than the regular fee.

With many passengers, particularly women, this remark and the tone extract the 10 shillings. The saloon steward does the same thing. The stewards work in with each other, and if a man succeeds in avoiding the stateroom steward and the saloon steward will ask him for both himself and the stateroom steward. As a man cannot get off the ship until it stops, there is no way of escaping these demands, which will be repeated during the last day of the trip until the passenger succumbs.—New York Home Journal.

WE ARE READY!

And well prepared for our autumn business. Our store room is crowded with new choice goods and the low prices will make them go. Come and see us.

L. F. MILLER & CO.

PETIT'S RESTAURANT AND—Midnight Lunch.

When the sun goes down and the moon comes up
Oh, then is the time night rounders sup—
It's chicken right here and a sirloin there
Regardless of Petit's night bill of fare.
The man from the cards, and him from saloon,
Hits Petit's each night 'neath the light of the moon,
And each one wants a lunch and a little bite more,
At Petit's reliable all night luncheon store!
So we fix up adish, the best of our store
At Petit's Lunch Room, in the town of Seymour.

Hit or Miss

Ready made clothing may hit you and it may miss you—it all depends on you. Tailor-made clothing hits you perfectly—fits smoothly across the shoulders—has the right roll in the lapels—trousers don't wrinkle. You can tell a tailor-made man as far as as you can see him. He trails style and elegance right along in his wake. When you're ready for the fall clothing—we're and the clothes are here. We won't need anything but you.

Praise From Those Who Know

What fine laundry work is, is where we receive encomiums, and which we value. When the old time housekeeper tells you that our perfectly laundered linen is a marvel to her, as is the manner our fine domestic finish is laid on shirt front, collar or cuff, you know that it is up-to-date and beyond competition.
